

GenderGP's multidisciplinary team

Safe

Effective

Affirming

Caring

Responsive

Trustworthy

Katie Tiplady Startin

Chief Operating Officer

Katie manages the practicalities of how best to connect GenderGP's service users with the care that they need, ensuring all patients receive dignified, quality gender-affirmative healthcare.

Marianne Oakes

Head of Psychological Therapies

Marianne provides leadership and ensures the effective delivery of psycho-social services sitting within the wider therapy services teams.

Dr Roxana

Prescribing Lead

Dr Mateescu leads the team on prescribing and is responsible for the clinical leadership in collaboration with the medical and support staff.

Dr Yasmeen

Medical Lead

Dr El Rakhawy takes responsibility for the representation of clinical matters within the team and provides professional advice to management.

The GenderGP Pathway Team

Our clinically skilled team of Pathway Advisors guide each patient from their first communication with GenderGP and throughout their journey with us, wherever that may take them. Pathway Advisors manage each case in collaboration with our MDT to ensure every individual gets the care they need.

The GenderGP Wellbeing Team

Our Wellbeing Team is made up of gender specialist counsellors and therapists who are on hand to guide service users as they journey through their transition. Supporting patients and those who support them ensures that needs are being met and any challenges are resolved.
